Eligibility

- Competitors in the Northern BC Winter Games may not have participated in, or have qualified to participate in a national or international level of competition for their sport in the year previous to the Games. Due to the level of development or age group chosen for the Northern BC Winter Games, the Society and/or the Provincial Sport Organization may have implemented additional eligibility requirements for competitors, over and above the restrictions outlined above (refer to the Sport Technical Package for specific information of each sport).
- Athletes or teams competing in the Northern BC Winter Games must be approved by the Regional Representative for their Region.
- The minimum age for competitors shall be 12 years of age. Some sports may include lower age groups only upon approval of the Northern BC Winter Games Society, and if granted, will be indicated on the Sport Technical Package.
- The Northern BC Winter Games shall be open to individuals whose major domicile has been one of the Northern BC Winter Games regions for a period of at least three (3) months immediately prior to the Games and at least one (1) month prior to the Regional Playdown for the sport. Exception to this rule is students studying outside the Region.
- Each athlete, coach, and manager may only participate for the Region in which s/he makes her/his permanent residence.
- Each athlete, coach, and manager may participate in only one sport at the Games.
- Any special or unusual circumstances must be authorized by the Regional Representative before an athlete can compete in the Games.

Registration

Transportation

- All participants, athletes, coaches, managers, and officials who are 18 years and under will travel to and from the Games on transportation arranged by the Regional Representative.
- Chartered buses will be arranged from each region with various pick-up points and times pre-determined before departure. All participants will be advised of the departure locations and times.

Participants will not be refunded their registration fee nor will they be provided any financial assistance (except officials) if they choose to travel on their own.

Transportation of Personal Sport Equipment

Participants are responsible for the transportation of their personal sport equipment. If the equipment will not fit on the Games buses, the participant must make their own arrangements for transportation and pay the associated costs. If transportation of the equipment requires that the participant not travel on Games buses, approval needs to be obtained from the Regional Representative.

Medals

- The Northern B.C. Winter Games Society has implemented the minus-one rule for all sports. This rule states that: "when there are four or more competitors or teams, two Bronze, one Silver and one Gold medal will be awarded. When there are three competitors or teams, only Silver and Gold medals will be awarded. When there are two competitors or teams only a Gold medal will be awarded."

Accommodation and Meals

Athletes, Coaches, Managers, and Chaperones

Northern BC Winter Games - Regional & Berth Structure

There are six regions (A – F) that send participants to the Games, but there are eight berths (A-H: eight spots for each sport to send teams/contingents) to the Games. The eighth berth is given to the Host Community to develop local athletes and to celebrate the community. Each sport is entitled to field athletes in eight berths. Athletes may try and and/or compete for only one Region.

For the Opening Ceremony, seven groups will parade into the Ceremony organized in Regions A-F and the Host Region.
