1. Message from the Co-Chairs to the Minister Responsible

The highlight of this past fiscal year was the successful staging of the Kimberley – Cranbrook 2008 BC Winter Games, February 21 to 24. 3,033 volunteers hosted 1,411 athletes, along with 593 coaches and officials in only the second time the BC Winter Games have been co-hosted.¹

ActNow and the BC Games Society collaborated during these Games, providing athletes, volunteers, and families with additional information on the benefits of sport and healthy living. Over 30,000 ActNow impressions were measured, delivered through speaking notes, publications, and Games wear.

Kootenay MLA, and BC Winter Games enthusiast, Mr. Bill Bennett spoke in the legislature of his communities' experience in hosting the 24th edition of this winter sport showcase. "I had no idea what kind of undertaking this was. An amazing undertaking. I could not help but think that it must have been a bit like the Allied army as it moved across Europe. You've got 1,400 young athletes. They've got to have someplace to eat. They've got these buses running all over the place in all these different communities, taking them from venues back to where they sleep. It was quite an enterprise. Just the food itself for that many people — the 3,000 volunteers and the 1,400 athletes and the 500 or 600 officials and coaches.... It was quite amazing."

Mr. Bennett's comments were indicative of those received from parents, volunteers, and athletes alike. The citizens of the Kimberley – Cranbrook region² truly embraced this unique opportunity, with 91% of those surveyed³ indicated they were satisfied or very satisfied with their volunteer experience. One key volunteer stated, "I have become a better person because of this experience, and I would not hesitate in doing it all again."

The volunteer sector is undergoing some challenges, as the population ages, and an increase in sport tourism creates stronger demand for hosting communities and their trained volunteers. Ensuring a positive experience is important to the BC Games Society as we hope these trained volunteers will remain engaged in their communities, utilizing their new skills and confidences gained during the BC Winter Games. Happily, our survey also showed that 97% of Games volunteers would encourage their family and friends to volunteer their support at a future BC Games.

While the community aspects of the BC Games are solid, we remain challenged by a sport system struggling to meet the myriad of obligations placed upon them by their various funders, partners, and membership. These past BC Winter Games marked year 3 of our expectation that all head coaches be certified to level 2 of the National Coaching Certification Program; while we were up over 2006 from 52 to 76%, we are still short of our mark of 80%, with 100% being the ultimate expectation. Certain sports still struggle to meet their targeted participant numbers, with four sports (Netball, Fencing, Swimming – Disabled, and Curling – Disabled) missing the Games entirely.

The 2007 / 2008 BC Games Society Annual Report was prepared under our direction in accordance with the *Budget Transparency and Accountability Act*. We are accountable for the contents of the report, including the selection of the performance measures and how the results have been reported. The information presented represents the actual performance of the BC Games Society for the twelve months ended March 31, 2008. All significant decisions, events and identified risks, as of May 9, 2008, have been considered in this report.

The information is presented in accordance with the *BC Reporting Principles* and represents a comprehensive picture of our actual performance in relation to our service plan. The measures are consistent with the BC Games Society's mission, goals and objectives and focus on aspects critical to the organizations performance.

We are responsible for ensuring internal controls are in place to ensure performance information is measured accurately and in a timely fashion.

This report contains estimates and interpretive information that represent the best judgment of management. Any significant limitations in the reliability of data are identified in the report.

In closing, we wish to express our sincere appreciation to Minister Stan Hagen for his commitment and support of his Board of Directors and staff in the delivery of the five BC Games. It is through the vision of the Board, and the professionalism of the staff that the BC Games Society has built such a strong reputation inside and outside the province of British Columbia.

Respectfully submitted

Wendy Ladner-Beaudry, Co-Chair
BC Games Society

Frank Lento, Co-Chair⁴
BC Games Society

⁴ Mr. Lento was appointed the co-chair upon the resignation of Tony Fiala

2. *Organizational Overview*

The Purpose of the BC Games Society is:

To provide an opportunity for the development of athletes, coaches, and officials in preparation for higher levels of competition in a multi-sport which promotes interest and participation in sport and sporting activities, individual achievement, and community development. Specifically, our purpose is:

- ❑ to motivate British Columbians to achieve a higher level of fitness and physical well being through participation in amateur sports and physical activity
- ❑ to encourage and motivate athletes, coaches, and officials to attain a higher level of skill and competitive achievement
- ❑ to organize competitive sport events that will serve as preparation for higher level competition and play an integral role in the BC sport delivery system
- ❑ to provide each hosting community with a legacy of experienced volunteers and facility improvements
- ❑ to share the spirit of the Games with British Columbians of all regions of the province
- ❑ to celebrate the community

Since 1978, the BC Games Society (Society) has been staging the BC Winter and BC Summer Games. The two events, held every even calendar year, are BC's largest multi-sport events. Located in Victoria, the Society provides event management support, volunteer and participant management software, and financial resources to each of its Games host communities. These host cities then form separate not-for-profit societies for the three-year cycle of their games management.

The BC Games Society was established in 1977 as a not-for-profit society under the Societies Act with a mandate to provide community and sport development opportunities across BC. The Society is included in the public accounts of the Government of British Columbia and is a crown agency subject to the *Budget Transparency and Accountability Act*. The Society was incorporated under the Society Act in 1987 to provide event management leadership to achieve sport, individual, and community development.

The scope of the BC Games was broadened in 1994 with the addition of the Northern BC Winter Games, the BC Disability Games, and the BC Seniors Games. Similar to our work with the BC Winter and Summer Games, the Society provides support and resources to each of these Games, with policy direction coming from the respective Boards of these three Games. Host cities also form their own societies during the cycle of Games hosting.

In February 2007, the BC Seniors Games Society negotiated a stand-alone agreement removing them from the Family of Games, while retaining the event management services of the BC Games Society under an annual contract.

Provincial funding for the BC Games Society is provided through a *Transfer Under Agreement* signed by the Sport and Recreation Branch of the Ministry of Tourism, Sport, and the Arts.

Communities across the province embrace the BC Games as an opportunity to highlight their citizens, facilities, and hometown pride to the rest of BC. While the BC Games are a four day celebration, the legacy of these multi-sport events lives on in new and improved facilities, enhanced volunteers skills, and financial impacts resulting from participant and visitor spending, and legacy investments.

Mission, Vision, Values

Mission

Through partnerships, the BC Games Society is committed to providing event management leadership in the creation of development opportunities for individuals, sport organizations, and host communities

Vision

- Entrepreneurial approaches, mutual accountability, and transparency in all our partnerships are standard methods of operation.
- The economic and social benefits to communities in hosting the Games produces quality bids and experiences from a variety of host communities.
- BC athletes, coaches, and officials in national and international competition will benefit from the experience of a BC Games.
- Public and private sectors value and support the BC Games.
- Host Communities, athletes, coaches, managers, officials, and volunteers remember the BC Games as a best ever multi-sport experience.
- The BC Games are a vehicle for community legacies, trained coaches, new sport clubs, facility improvements, community pride and spirit, and skilled event management volunteers in each host community.
- BC Games Society Board represents an effective, ethical, and responsible model in leadership and governance.

Values

Values that underpin how we interact in our relationships:

- Partnerships and collaboration are the foundation to our working relationships where appreciation and understanding of all partners' perspectives is actively sought.
- We have an organizational climate of mutual trust and support between Board and Staff, where roles and responsibilities are clarified, policies are followed and contributions of the team and individuals are honoured.
- Our dynamic approaches continually redefine and determine the most efficient and effective method of delivering event management services and programs.
- Commitment to social issues affecting all British Columbians around health and wellness, personal and community development, equity, access, and inclusiveness is demonstrated.
- Investment in our human resources is critical to our long-term success and we strive to offer personal/professional development opportunities to Board, Staff, and Volunteers.

3. Report on Games Performance

The core business of the BC Games Society is the event management of the BC Winter and BC Summer Games. In support of these two multi-sport events, it is important that the operations of the Society be supplemented through corporate partner investment. The goals, measures, objectives and targets identified in this Annual Report highlight the role we play within the sport system, and acknowledge the need to assist in the financial stability of our organization.

Successful outcomes due to effective management ensure longevity of the hosting rotations around the province. By establishing the BC Games as a focal point for athlete and coach development, it is important that we measure benchmarks in the successful progression of athletes and coaches. Bringing the business community to aid in the success of the BC Games is critical as their support contributes significantly to the overall success of each Games, while ensuring government's investment is maximized.

Numerous provincial sport organizations continue to be challenged to meet fundamental benchmarks for participation in the BC Games. Several sports continue to come up short on their requirements to ensure BC Winter Games athletes are coached at the required level of NCCP II⁵. In support of these sports, and their efforts to get to the required levels, the BC Games Society continues to work with Sport BC, Canadian Sport Centre – Pacific, and 2010 Legacies Now to eliminate the respective barriers from this goal. Coaching is but one obstacle many sports face, due to lagging human and financial resources; the success of the Games is predicated on a strong sport culture and we take seriously our role in helping the system grow.

Leveraging the provincial investment by providing exposure opportunities for the local government and business sectors provided additional value to the BC Winter Games held this past fiscal year. Unaudited financial statements for the Kimberley – Cranbrook 2008 BC Winter Games highlight the responsive nature of the business community in providing \$68,155 toward their budget, while the two cities contributed an additional \$40,000. While not accounted for in their cash only budget, an additional \$247,497 in value-in-kind offset certain budgeted items, resulting in a significant savings, which will translate into over \$80,000 in legacy investments⁶.

Risk and Sensitivities

During the period covered by this Annual Report, the BC Games Society planned for / funded / implemented:

Powell River 2007 BC Disability Games
Nanaimo 2007 BC Seniors Games
Dawson Creek 2008 Northern BC Winter Games
Kimberley – Cranbrook 2008 BC Winter Games
Kelowna 2008 BC Summer Games
Prince George 2008 BC Seniors Games

⁵ National Coaching Certification Program – for more go to www.coaches.bc.ca

⁶ Legacy is comprised of budget savings, interest, and souvenir sales. Public process determines its distribution after audit is complete

Mackenzie 2009 Northern BC Winter Games
Maple Ridge – Pitt Meadows 2009 BC Disability Games

The BC Games Society relies on third party delivery for the recruitment of athletes who attend the BC Winter and BC Summer Games. This recruitment and training of attending coaches and officials is the responsibility of the participating Provincial Sport Organizations (PSOs). Their successes in recruitment and training are reflected in our statistics pertaining to athletes and coaches. For the Kimberley – Cranbrook 2008 BC Winter Games Wheelchair Curling, Netball, Swimming for Athletes with a Disability, and Fencing, did not attend due to recruitment / planning difficulties within the sport. 65 % of Head Coaches attending the BC Winter Games were certified to the National Coaching Certification Program level II as mandated by the Society. This number marks an improvement over the 2006 BC Winter Games of 13%.

Discussions and organizational support from the provincial sport system continues with all participating PSOs to assist them in improving or increasing their overall organizational health as it pertains to their participation in the BC Winter Games.

Ownership of the Northern BC Winter Games, the BC Disability Games, and the BC Seniors Games lies with their respective Boards. The agreements with the respective agencies are for event management services only, and subsequently any advice and/or direction by the Society can be superseded by the Partner Board.

In all instances of the BC Games Society involvement, there is an underlying faith that cities and municipalities wish to host, and volunteer for, the BC Games. Recent decisions by the Northern BC Winter Games Society and BC Disability Sports will move their Games to a biennial model (odd calendar year) effective 2011 for the Northern Games, and 2007 for the BC Disability Games. This decision reflects the current saturation of multi-sport games and similar events on the host cities, their volunteers, and their business communities. The BC Games Society decision to go from an annual event to a biennial event (even years) in 1997 has assisted in maintaining an interest in hosting the BC Winter and/or BC Summer Games by cities across BC.

The BC Games Society is staffed by nine full time employees, five of whom spend significant periods of time traveling to the host cities in support of volunteers. Three administrative staff assist their work, and aid the functions of the President and CEO's office and the Board of Directors. Our *Guidelines for the Host Community* empower the volunteers with tasks, timelines and samples, meaning that staff time is maximized, and any one manager can provide assistance to possibly as many as six communities concurrently.

As noted in the results on the following pages, the BC Games Society was able to meet its objectives; those results directly attributable the quality of leadership and dedication of our Board of Directors and those nine staff members.

4. Alignment with Government's Strategic Plan

The BC Games Society supports three of the Government's priorities as identified in their Strategic Plan.

To lead the way in North America in healthy living and physical fitness

The purpose of the BC Winter and BC Summer Games is to provide an opportunity for the development of athletes, coaches, and officials in preparation for higher levels of competition in a multi-sport event. The Society promotes interest and lifelong participation in sport and sporting activities, and individual achievement. All five BC Games promote healthy, active lifestyles for a broad range of populations, and builds capacity in skilled volunteers, sport programs, equipment and facilities, all avenues that continue to contribute to healthy communities.

To build the best system of support for persons with a disability, special needs, children at risk, and seniors.

Integration of athletes with a disability has been part of our Games model since our inception. We continue to support further integration by expanding opportunities for Paralympic sports particularly in our BC Winter Games. Our event management service agreement with the BC Seniors Games and the BC Disability Games means additional financial resources and professional staff support contribute to a positive experience for athletes from both constituencies.

To make BC the best educated, most literate jurisdiction on the continent

Our commitment to the provision of quality written resources for the training and education of volunteers continues. Recognized nationally for their thoroughness and ease of use, our *Guidelines for the Host Community* are now online making them more accessible to more volunteers.

Additionally, through our Shareholder's Letter of Expectations (SLE) signed with the Ministry of Tourism, Sport and the Arts, the BC Games Society ...

- continues to position the BC Games as an opportunity to promote the values of ActNow
- showcase the BC Games within the BC150 celebrations
- continue to make decisions which result in lesser environmental impacts, thereby assisting the public sector become carbon neutral by 2010

Entire SLE may be read at www.bcgames.org Click on About Us

Goal 1 – Effective Management of BC Winter Games, BC Summer Games and Partner Games						
Objectives						
<p>In partnership with the Kimberley – Cranbrook 2008 BC Winter Games Society, the Kelowna 2008 BC Summer Games Society, and the Terrace 2010 BC Winter Games Society, plan, prepare, and implement quality multi-sport events for the benefit of participants, volunteers, funding and corporate partners.</p> <p>Working with the Parent and local Boards of the Northern BC Winter Games, the BC Disability Games, and the BC Seniors Games, plan, prepare, and implement quality multi-sport events for the benefit of participants, volunteers, and funding and corporate partners.</p>						
Key Strategies						
<p>Provide concise written online materials to support the volunteers in creating quality BC Games</p> <p>Promote PSO's use of the BC Winter and BC Summer Games through Memorandums of Understanding as a key element in the continuum of their athlete, coach, and officials' development while recruiting and maintaining a key network of key sport volunteers across the province.</p>

¹ Partner Games receive funding directly from Sport and Recreation Branch effective April 1, 2007

A projected balanced budget for 2007 / 2008 resulted in a surplus of \$46,678 primarily due to lower than expected costs related to the external travel of participants to the BC Winter Games.

The BC Games Society Board recognizes and appreciates that budgetary control is critical to our long-term financial health. Each year, management prepares a two-year budget for approval by the Finance Committee and the Board of Directors. These budgets consider our strategic objectives of our annual Service Plan, and the geographic locations of the communities in which games are being hosted. Expenditures for the fiscal year ending March 31, 2008 were \$2,387,192, a reduction of \$47,567 over the previous fiscal year.

As an organization, the BC Games Society plans in two-year cycles, taking into account our two major events and largest expenses, the BC Winter Games and the BC Summer Games. Fiscal year 2007/2008 featured the Kimberley – Cranbrook 2008 BC Winter Games; they received a grant of \$525,000 with an additional \$669,699 spent on external travel for athletes attending those Games.

Budget surpluses at the BC Summer and Winter Games host community level are shared equally between the host and this society. Audited figures for the 2008 BC Winter Games will not be known until August 2008; anticipated return from those Games is \$65,000.

BC Games Society also provides grants to the Northern BC Winter Games and the BC Disability Games amounting to \$90,000. Surpluses in those communities are not split with the BC Games Society but go directly back to the Parent Society of the respective Games.

Major Risks and Opportunities

Events in the Province are increasing with the onset of the 2010 Olympic and Paralympic Games. Each of those events requires business support, as well as volunteer labour. The society continues to monitor the pressures of staging this number of events within the province as sponsorship and volunteer fatigue, saturation of available hosting communities, and overall fiscal sustainability continue to offer challenges.

We also acknowledge the challenges in bringing new corporate partners to support our work. The re-signing of Air Canada Jazz is significant given the fragility of the airline industry, having the BC Lottery Corp. join as a partner is testament to the value they place in the BC Games as an instrument to speak to volunteers, and continuing relationships with TELUS and Global BC open doors to prospective new partners.

Management's Responsibility for Financial Reporting

The financial statements of the BC Games Society have been prepared by management in accordance with Canadian generally accepted accounting principles. The financial statements present fairly the financial position of the Society as at March 31, 2008 and the results of its operations.

Management is responsible for the integrity of the financial statements and has established policies as conveyed by the Auditor General of British Columbia regarding internal controls to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and financial statements prepared in a timely manner. Inherent to the concept of reasonable assurance is the recognition that there are limits in all internal control systems and that system costs should not exceed the expected benefits.

6. Corporate Governance

The BC Games Society, as a Service Crown Agency, is responsible to the Minister of Tourism, Sport and the Arts

A fifteen-member community based Board of Directors, appointed by Ministerial Letter, sets the strategic direction of the BC Games Society within direction from the provincial sport system with approval by the Minister. President and CEO, Kelly Mann, is given direction by the Board and is accountable for managing the operations of the Society. The Director's activities and responsibilities are governed by *Best Practice Guidelines for Governance and Disclosure for Governing Boards*.

The Society receives its core funding through a Transfer Under Agreement with the Sport and Recreation Branch of the Ministry of Tourism, Sport and the Arts.

The Board of Directors' guiding principles are:

Accountability and Performance	Clarity of Roles and Responsibilities
Openness, Trust and Transparency	Service and Corporate Citizenship
Stewardship, Leadership and Effectiveness	Value, Innovation and Improvement

Board Members and Committees

Committees of the Board

Finance – responsible for the review of all financial reports, audited statements, and supporting financial materials in order to make recommendations to the Board

Sport – reviews and recommends to the Board, sports and communities for inclusion in the BC Winter and Summer Games

Marketing and Communications – assist in the development of the strategic direction for marketing the BC Games as well as recommending options for Corporate Partner benefits and acquisition

AUDITORS' REPORT

To: The Board of Directors of the BC Games Society

We have audited the statement of financial position of the BC Games Society as at March 31, 2008 and the statement of operations and changes in net assets and cash flows for the year then ended. These financial statements are the responsibility of the Society's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Society as at March 31, 2008 and the results of its operations and changes in net assets and cash flows for the year then ended in accordance with Canadian generally accepted accounting principles. As required by the Society Act of British Columbia, we report that, in our opinion, these principles have been applied on a basis consistent with that of the preceding year.

BC GAMES SOCIETY

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED MARCH 31, 2008

1. STATEMENT OF PURPOSE

The Society was incorporated under the Society Act on June 26, 1987. Currently, the purpose of the Society is to provide event management leadership to achieve sport, individual and community development.

Approximately 83% of the Society's revenues are received from the Province of British Columbia with the remainder generated by corporate sponsors, surpluses from host societies, athlete registration fees, contract service and interest.

The Northern B.C. Winter Games, the BC Winter Games, the B.C. Disability Games, the BC Summer Games and the B.C. Seniors Games are planned and operated by societies incorporated in the host community for each event. These financial statements do not reflect the revenues and expenditures of the local societies.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements have been prepared in accordance with Canadian generally accepted accounting principles.

The term "Society" is used to mean the BC Games Society.

(a) Capital Assets

Amortization is calculated on a straight-line basis over the asset's estimated useful economic life, as follows:

Computer and general application software	3-5 years
Registration programs and computer cabling	5 years
Bedding, flags and signs for host societies	12 years
Furniture and equipment	10 years
Trademarks	20 years
Leaseholds	over the term of the lease

In the year of purchase capital assets are amortized at half their normal rates.

(b) Revenue Recognition

The Society follows the deferral method of accounting for Grants and Contributions received, whereby revenues are matched with expenses. Restricted contributions, if any, are recognized as revenue in the year in which the related expenses are incurred. Unrestricted contributions are recognized as revenue when received or receivable.

Donated or discounted goods and services are recorded at the amount of cash consideration.

Receipt of surplus from Summer and Winter Games Societies is recorded at the earlier of cash receipt and final determination of the amount of the surplus.

BC GAMES SOCIETY

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED MARCH 31, 2008

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

(c) Measurement Uncertainty and the Use of Estimates

The preparation of the financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may vary from the current estimates.

(d) Provincial Contributions

The financial statements do not reflect certain administrative expenses incurred and paid directly by the Province of British Columbia in the delivery of the games.

(e) Legacy Funds - Host Communities

Host communities retain 100% of profits from souvenir sales and 50% of their operating surplus, if any, and all interest earned as part of their legacy fund.

(f) Grants to Host Societies

Grants to host societies are recorded as an expense when disbursement of funds has been authorized.

(g) Financial Instruments

The Society invests in short term investments held by BC Investment Management Corporation which provides fund management services for public bodies and publicly administrated trust funds.

On April 1, 2007, the Society adopted CICA Handbook sections 3855 (Financial Instruments – Recognition and Measurement) and 3861 (Financial Instruments – Disclosure and Presentation). The Society has designated cash and short-term investments as held for trading and carries them at fair value. Changes in fair value are recognized in revenue and expenses in the period in which they arise. Accounts receivable and accounts payable and accrued liabilities are classified as loans and receivables or other liabilities and are recorded at amortized cost. There was no impact on the opening net assets of the Society on adoption of the new accounting standards. Prior periods have not been restated.

BC GAMES SOCIETY

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED MARCH 31, 2008

3. CAPITAL ASSETS

	2008	2007

4. SURPLUS FROM HOST SOCIETIES

Surplus from the host societies is comprised of:

	2008	2007
	\$	\$
Kamloops 2006 Summer Games Society	80,512	-
Greater Trail 2006 Winter Games Society	<u>-</u>	<u>34,921</u>
	<u>80,512</u>	<u>34,921</u>

BC GAMES SOCIETY

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED MARCH 31, 2008

5. COMMITMENTS

The Society has commitments arising from contractual agreements for office equipment, television advertising, employment services, and a lease for office premises. The Society is also committed to provide funding to host societies for staging of events scheduled during the years.

General Commitments

Minimum annual commitments in each of the next five fiscal years are as follows:

		<u>Total \$</u>
2009		240,300
2010		214,500
2011		195,700
2012		165,800
2013		<u>166,400</u>
		982,700
Host Society Commitments		
	<u>\$</u>	
2009	470,000	
2010	615,000	
2011	625,000	
2012	525,000	
2013	<u>625,000</u>	<u>2,860,000</u>
		<u>3,842,700</u>

6. CONTINGENT LIABILITY

The Society was named as a party to a lawsuit related to injuries sustained by a volunteer of the Nanaimo 2002 Summer Games. This was settled during the previous fiscal year at \$55,000.

7. RELATED PARTY TRANSACTIONS

The Society is economically dependent on the receipt of funding from the Province of British Columbia. Early in each fiscal year the annual funding from the Province is paid to the Society to cover the operating cost for that year. The use of the funds is governed by the Agreement for Financial Assistance signed by both parties.

Details are as follows:

	<u>2008 \$</u>	<u>2007 \$</u>
Grant received- Operations	2,002,000	1,982,000
- Family of Games	-	155,000
Interest earned	88,309	53,825
Balance in the Investment Trust Account at year end (included in cash equivalents on the Statement of Financial Position)	777,209	747,924

BC GAMES SOCIETY

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED MARCH 31, 2008

8. FUNDING PARTNERS

During the year, the Society received \$40,000 from Telus as a sponsor of the BC Summer and Winter Games and an additional \$40,000 from the BC Lottery Corporation.

9. DEFERRED FUNDING
